Superintendent

Thanks to mother nature and a little fertilizer the course is looking good. There are also a lot of projects going on right now that are unsightly but have to be done for the long term health of the golf course. We have just aerified greens and I would like to ask each of you to try to find and repair your ball marks while the greens heal up. We have added a new assistant superintendent to our maintenance staff, his name is Jason Reffner, stop him and visit if you have a chance.

We would like to thank Ron & Marsha Wiegert for the donation for the new stairs and landscapes to be installed.

There will be a golf course maintenance bulletin board hung in the hallway leading to the restrooms, the maintenance staff will post information, volunteer sign up sheets, how to's, and facts about our course. In the next three weeks you should put your pre emergent herbicide down on your lawn. Make sure it gets watered in with 1/2" of water or the active ingredient will not prevent weeds.

Thanks,

Wamego Country Club Maintenance
