# Turfgrass Maintenance

## Course Reminders:

- Fill Divots with Sand and Seed, seed will germinate this spring
- Return empty sand and seed bottles to racks on 1/11
- Ballmarks still need to be repaired during the winter, as healing virtually stops during this time
- No Sunflower Seeds on the Course

## Course Conditions

Frost delays will be occurring on a regular basis for the rest of the winter, please check the course information sign for delays. This is the time of the year that the leaves make it hard to find your ball sometimes, the crew will do everything we can to keep the leaves at a minimum.
