2010-The Year of the Wedge

Everyone has heard about the controversy over wedge grooves on the PGA Tour. As an amateur golfer you have over a decade before you have to switch over to the new grooves BUT companies can only manufacture the current grooves until the end of 2010 so time is running out.

WCC now has Titleist Fitting Wedges to assure that you have the right lofts to fill your yardage gaps and the correct amount of bounce to fit your swing and course conditions.

Call the clubhouse to schedule a wedge fitting before time runs out!

Game Improvement Program

Making a swing change is hard. It takes time and in a lot of cases another set of eyes to keep your swing on the right track. There is a saying among golf instructors, "feel and real are never the same." That's where your PGA Professional comes in. The Game Improvement Program is designed to let you make a swing change and stay on the right track through regular lessons at an affordable price.

You get four scheduled 30-40 minute lessons plus a playing lesson for the low price of \$105.

Lesson Rates

\$25 for 30-40 minute lesson

\$70 for 3 lesson series

\$20 Junior Lessons

The golf course should come out of winter in very good shape due to the snow cover, ample moisture, and lack of play. The maintenance crew will be aerifying, seeding, and topdressing tees and approaches this month during spring break. This is a fairly non disruptive process and they will be very playable when the process is completed.

Wamego Country Club Turfgrass Maintenance

Course Reminders:

- No sunflower seeds
- Dispose of cigarettes and cigars
- Fix ballmarks
- Fill divots with sand and seed
- Pick up broken tees
- Observe cart rules and signs
